How can Tralee LES help?

Client background

Long term unemployed 40 years old male, co-habiting with children. Education Irish Second level with experience in outdoors maintenance work.

When we met client

Client was looking for nighttime work that complimented his partners working hours because childcare facilities were closed during Pandemic. He had no transport and is living in isolated area. He had low mood primarily because of his lack of self-confidence in having no formal skills and because of the isolation effects of Covid.

Actions / Interventions

Our Guidance Officer advised client of the benefits of a CE scheme as a steppingstone to employment. The priority in this instance was to instil confidence, stability and structure into client as a first step towards employment and to address isolation issues. Our Guidance Officer emphasised the training element associated with CE and the potential to address his lack of confidence around no formal training.

Tralee LES liaised with CE Supervisor in his local area and emailed client CE positions that he felt client would have a skillset to be comfortable performing in.

Client Progression

Client attended via phone to initial activation 1:2:1 Meeting.

Client attended two subsequent phone Activation Review Meetings afterwards consisting of 1-hour durations each. Client acknowledged isolation was a contributing factor to his lack of motivation in mobilising himself into taking steps to progress into employment. Signposted to CE. **Client began CE position at beginning of April in local Community Centre.**

Follow up call - client was very happy in his new position and confirmed it was very beneficial thus far. He no longer feels isolated, has established a routine and is gaining confidence for his next step of attaining gainful employment. He feels he is contributing to the household along with his partner.

If you feel that we could help you, please contact us on 066 7129675 or email info@traleeles.ie

Is a FREE service for people over 60 years in the North Kerry areas :

**Moyvane, Listowel
Ballydonoghue, Duagh
Causeway/Ballyduff
Ballybunion, Asdee**

**For people who would like a social visit once a week
For people who have no transport, living on their own, isolated
or cannot leave their home due to medical reasons**

NEWKD (North, East & West Kerry Development) has been running the Home Visitation Service project since 2018 in the North Kerry area with Anita Bodenham and Geraldine Kelly as Supervisors and Project Managers. This innovative project run by RSS (Rural Social Scheme), which links isolated people with others socially in their community, has taken on even greater importance in this time of so much uncertainty, during the Covid 19 crisis. This Home Visitation project would not be possible without RSS participants who have been an immense help from the very beginning of this initiative and work tirelessly in the North Kerry area.

NEWKD works closely with the community and runs many projects such as Home Maintenance Services, Meals on Wheels, Senior Alert Scheme. Increasingly the need for home social supports became evident in running these services, as older people were reported suffering loneliness and social contact in their daily lives. Commitment from the HSE Community Work Department and the team of HSE Public Health Nurses (PHNs) is a vital part of the Home Visitation Service initiative as well as support from An Garda Síochána and local groups.

NEWKD/RSS adhere to strict practices and policies as regards to treatment of the older people, their safety and wellbeing. Our work is centered around the community we work with. The Home Visitation project creates stronger links between service users (over 60s) and agencies such as HSE/Public Health Nurses/ Community Work Departments, An Garda Síochána, Meals on Wheels, Local Link and other local services available. This project also relies on help from dedicated volunteers.

NEWKD in turn values and appreciates volunteers, provides induction, training and continuously supports them in their role. Volunteers and RSS participants form an essential part of Home Visitation Service by calling on service users once a week at agreed time to chat to and offer companionship and a listening ear. Home Visitation volunteers are not required to do cleaning, cooking or attend to medical needs etc.; they are there to support and link older people with services that exist in the community, keep a gentle eye on them and making sure they know that someone cares.

The **Kerry ETB Mentor Project** is a mentoring service **FOR** young people.

We provide an independent service - which means that we do not recruit for any programme, course, training provision, etc.

We provide mentoring which has a progression focus - which means that we work with you to help you make the best plan for your future.

We provide mentoring with each young person on a case by case basis and so your plan will be different to anyone else's.

If you would like some support moving forward, if you feel you are stuck, or if you just need a little help trying to make decisions on what to do next, please contact us.

This is a **FREE & CONFIDENTIAL** service.
